

Green, M. B., & McCadden, E. P. (2007, August). Positive characteristics of successful lab members. In B. N. Barber (Chair), *Making the most of your research team/lab experience*. Symposium conducted at the annual meeting of the American Psychological Association, San Francisco.

*Abstract:*

The characteristics of successful lab members section focused on how students can be useful contributors to labs. It included tips on how to approach faculty members when looking to join a lab, the traits characteristic of a positive lab member, and how a graduate student can demonstrate that he or she will be a productive lab member.
