

IWL SOCIAL *with Narrative 4*

10.26.2022

3:30–5:00 PM

Marquette Hall, Room 105

Join IWL at its second social of the semester for a story exchange inspired by courage and lead by Marquette's chapter of the global nonprofit Narrative 4. Narrative 4's motto is "fearless hope through radical empathy." During this IWL Social, trained facilitators will lead attendees through a story exchange, which is a meaningful activity that involves learning to listen deeply to the stories of others while also telling a story of your own. It offers participants a moment to step away from the activities that fill our lives to reflect, listen, and learn.

More information and details around the story exchange, along with the idea prompts for selecting your story to share are available on the event registration form.
